# Organic Cotton Summit

2 - 4 June 2026  
Istanbul, Türkiye

The Organic Cotton Summit, co-hosted by Organic Cotton Accelerator and Textile Exchange, is designed to be the global convening space for the organic cotton community: uniting farmers, industry leaders, policymakers, brands, and partners across regions and the entire value chain. Together, we aim to foster meaningful collaboration, amplify farmer voices and knowledge, and showcase innovative, scalable solutions that advance the organic cotton sector.

To elevate this significant event, we are delighted to present exclusive sponsorship opportunities tailored across three tiers – Platinum, Gold, and Silver – aimed at providing unparalleled brand exposure and recognition to our esteemed sponsors, from both within and beyond Turkey.

This tiered sponsorship model allows for both global and local Turkish sponsors to participate at various levels, ensuring a diverse range of partnerships to cover all costs related to the conference.

By partnering with the Organic Cotton Summit, your organisation becomes a visible champion of sustainable practices and innovation within the organic cotton sector, demonstrating leadership and commitment to a global movement with lasting impact.
